VANTAGE — A pure thoroughbred

SPIRIT OF EXCITEMENT

Vantage is woven into the fabric of pop culture and motor racing heritage. Scene-stealing appearances in the James Bond movies create unrivalled magnetism and, beneath the star quality, lies technology proven and honed during iconic endurance races such as the 24 hours of Le Mans. Possessed of dazzling charisma and a core of inner steel, Vantage is an icon of style and substance.

THE STORY OF AN ICON

The Vantage name is synonymous with intensified performance and satisfying the most demanding drivers. 'Vantage' first appeared in 1950 as a performance upgrade for the DB2. Larger SU carburettors and a higher compression ratio liberated an extra 20bhp and the DB2 Vantage finished 1st, 2nd and 3rd in class at Le Mans. The die was cast and Vantage has signified enhanced dynamism and unrivalled visceral thrills ever since. thrills ever since.

- 1 The Aston Martin DB 2/4 Mk I Vantage helped define the marque in the fifties
- 3 The Aston Martin DB7 Vantage rekindled the spirit of David Brown
- 2 The original V8 Vantage was a muscular GT for a new era 4 The Aston Martin V12 Vantage S; a true sporting thoroughbred

RACING IS OUR DNA Competition is our lifeblood. Today, every Aston Martin is distilled from a race car and Vantage has proven itself on the most demanding circuits around the world. At the 24 hours of Le Mans, Vantage has asserted its speed and endurance time and time again with several podium finishes. In 2015 Aston Martin Racing produced the fastest qualifying car in its class.

6712

AN UNCENSORED ADRENALIN RUSH Lightweight, extreme and developed using all of Aston Martin's learning from its international race programme, GT12 is the most ferocious, focused and potent Vantage in our history. Series production is limited to just 100 units, as befits

its intensely specialised evolution.

Built around the legendary 6.0-litre V12 engine, and with a motorsport-derived chassis, aerodynamics and handling balance, it crosses the divide between racetrack and road. GT12 is the ultimate Vantage.

V8 VANTAGE COUPE

V8 Vantage is the Aston Martin that shaped a generation, embodying the timeless beauty, driving dynamics and exquisite craftsmanship that define the marque.

V8 VANTAGE ROADSTER

V8 Vantage Roadster is a vibrant, open air, Vantage experience, bringing the sound of the naturally aspirated V8 alive to thrill your senses and make every journey unique.

V12 VANTAGE S COUPE AND ROADSTER

A potent package, V12 Vantage S packs Aston Martin's biggest engine into its most compact sports car. The aggressively styled V12 Vantage S is Aston Martin's most visceral driving experience with a sound like no other.

V8 VANTAGE S ROADSTER

Dynamically enhanced from V8 Vantage, the V8 Vantage S Roadster is an open two-seater for the true enthusiast, blending sporting ability with a cosseting interior and meticulous attention to detail.

V8 VANTAGE S COUPE

V8 Vantage S takes Aston Martin's core model to a new level of intensity. V8 Vantage S is a unique package of extreme driver involvement; razor sharp performance with focus, beauty and power.

VANTAGE N430 COUPE AND ROADSTER

Forged at the infamous Nürburgring 24 hour race, N430 is the dramatic expression of V8 Vantage and has been created to deliver exceptional performance with a club sport ethos.

12

VANTAGE FAMILY IN DETAIL

DESIGN

Aston Martin's world-leading design studio creates automotive art that is transformed into sculptures of aluminium and carbon fibre using time-honoured methods melded with pioneering technology.

SKILLED ARTISTRY

The design team has the task of advancing the art of Aston Martin whilst honouring its traditions.

Through cutting-edge technology and materials each new model pushes the boundaries, but

By embracing new technology and expressing it through perfect proportion and meticulous attention to detail, the evolution of Aston Martin will continue to set unprecedented standards. what sets Aston Martin apart is the skilled eye and implicit understanding of a unique heritage.

CREATED BY EXPERTS

Aston Martin's modern Gaydon headquarters is built around an

With a vast range of combinations of materials, colours and finishes headquarters is built around an obsession with attention to detail.

A highly skilled workforce creates each Vantage with knowledge acquired and honed over generations. Each pair of hands that touch the car on its journey to completion is energised by a common determination to create the most beautiful cars in the world.

of materials, colours and finishes available, every Vantage is special and each is the product of our craftspeople's absolute dedication to perfection. Every Vantage is painted with meticulous care, with up to seven layers creating a deep, flawless lustre. The process is painstaking but those 50 hours of intensely applied skill will ensure years of enjoyment for owners and admirers alike.

PASSION IN EVERY DETAIL

Inside, each interior is made up of 80 panels of leather and Alcantara® joined with flawless accuracy by intricate stitching worked by skilled hands – the birth of an Aston Martin is a remarkable journey.

Performance should not be measured in raw power alone. It is about purity of response and absolute precision, placing the driver at the very centre of the driving experience. The Vantage range embodies that sense of control and a depth of

The 4.7-litre V8 crackles with aggression when exercised and the 6.0-litre V12 soars to a complex howl. Yet whilst both deliver the definitive sports car experience on the track they also feel and sound special on any journey.
The combination of instant linear performance that builds in intensity and energy the more is asked of their sonorous engines.

The combination of instant linear response, an unmistakable and sophisticated voice and smoothly delivered power with an edge of savagery is unique and unrivalled.

MASTERS OF ENGINEERING

Beneath the skin of every Vantage Both V8 and V12-engined Vantage To achieve optimal weight is the very foundation of the art of models have their engines set as far distribution the gearbox is mounted Aston Martin: a lightweight, highly back in the chassis as possible for versatile and immensely strong aluminium chassis structure that is bonded with aerospace adhesives. handling agility. The aluminium structure itself follows principles, This structure forms part of the Vertical-Horizontal or 'VH' philosophy. Unique to Aston Martin, it offers a highly evolved platform from which to create perfectly balanced, stable and intuitive cars.

maximum steering response and and employs technologies, prevalent in the aerospace industry for an impressive balance of strength and lightness.

at the rear in the form of a transaxle. Not only does this 52:48 balance ensure the Vantage has immaculate on-limit behaviour, it also maximises traction for greater stability and user-friendly performance.

INFOTAINMENT AND TECHNOLOGY

Vantage's new infotainment system, include Bluetooth® as standard, AMi II brings ergonomic and interface refinements to create a fully intuitive experience. High quality switchgear and contemporary materials combined stack available in a wide variety with instantly responsive displays are integrated with the car's dynamic performance. Key infotainment features now

text message integration and a wide range of connectivity options. Convenience is married to peerless style with an elegant new centre of tactile finishes, touch sensitive switchgear featuring haptic feedback technology and a user interface that is completely intuitive.

A SPINE TINGLING SOUNDTRACK

Every Aston Martin has its own distinctive voice, conjured up with a push of the crystal glass key.
Cylinders, valves and exhaust work together in an instant to create a magisterial symphony that hints at the performance to come. The 4.7-litre V8 and 6.0-litre V12 have they are united by a purity of tone and thrilling sense of occasion. Whichever Vantage you choose, it will set your senses alight as it bursts into life and signals the beginning of a lasting relationship.

their own distinct characters but

TIMELESS APPEAL. THE ORIGINAL ICON.

V8 Vantage is the cornerstone of the Vantage family. Its perfect is the option of a six-speed proportions are timelessly beautiful manual gearbox, or if you want yet the surfaces have a sculptural to feel closer to the racer within muscularity that conveys
the dynamism of the driving
experience. The purity of design
speaks of its innate poise and
the simple thrill of driving this
finely honed drivers' car.

For ultimate involvement there a seven-speed Sportshift II paddle shift transmission offers incredibly fast gear changes and allows you to focus completely on the road ahead and revel in the fierce V8 howl.

Crafted with the finest materials and engineered to deliver on any road or racetrack, V8 Vantage in Coupe or Roadster is the enduring sports car icon.

Vantage's exquisite interior melds the latest technology with high quality, tactile materials handfinished with unerring accuracy.

The new, sophisticated waterfall fascia cuts a bold architectural form but feels entirely natural to interact with and blends

harmoniously with the supple leathers and chronograph-inspired instruments. With almost endless colours and materials from which to choose, each V8 Vantage is unique and an experience to savour.

V8 Vantage S builds on the inherent qualities of Aston Martin's two-seater sports car with enhanced performance, even sharper dynamics and a new visual The beating heart of the car, its 4.7-litre V8 engine, is revised to produce an additional 10 bhp and a further 20 Nm increase in torque. In combination aggression. It is a lesson in race-bred dynamism.

The beating heart of the car, its 4.7-litre V8 engine, is revised to produce an additional 10 bhp and a further 20 Nm increase in torque. In combination with a track-inspired but road-optimised sports suspension set-up, the V8 Vantage S offers startling responsiveness and assured stability.

The exhilarating driving experience is reflected in unique styling with carbon fibre detailing. Sculptural side sills optically widen the car and produce an aggressive rear profile. The lower front splitter and rear diffuser in exposed carbon fibre add to the visual tension.

V8 VANTAGES

POWER CONTROL COMFORT The cockpit retains the beautifully executed style of V8 Vantage but finely tailored sports seats and tactile trim add to the overriding sense of purpose. The result of these subtle but distinctive revisions is a unique package of intense driver involvement.

N430 SPECIAL EDITION. BRED ON THE TRACK, BUILT FOR THE ROAD

built to celebrate Vantage's success bold Club Sport Graphics Packs at the Nürburgring 24 hour race and 'VLN' endurance series. This fearsome circuit has become the proving ground for Vantage and once again, in 2015, an N430 in race trim won its class at the gruelling 24 hour event.

evoke the spirit of the racetrack wheels in graphite continue the theme and dark finishes to the

Vantage N430 is a special edition Five unique liveries combined with front grille, window surrounds, tailpipes and headlamp bezels add to the sense of menace. and create a distinctive, purposeful Engagingly raw and infused with character with a twist of motorsport athleticism, N430 is the product drama. Twin five-spoke alloy of an exhaustive motorsport programme and has the DNA of a race winner.

With design and details inspired by endurance racing, Vantage N430 celebrates the racing passion at the heart of Aston Martin. N430 spikes the pulse and raises a smile before it even turns a wheel thanks to a driving environment that mixes dynamic design, race-bred materials and an infectious character.

Lightweight and tactile carbon fibre, Alcantara® and magnesium are skilfully blended with soft leather and Piano Black trim to create a focused sporting ambience. Contrast stitching and bespoke N430 embroidered logos on the exceptionally light and strong carbon fibre seats add a twist of playfulness.

SCORCHING PERFORMANCE.
A FORCE
OF NATURE

By combining the compact agility of the Vantage chassis with the scintillating response of our legendary 6.0-litre V12 engine, a sports car of outrageous ability has emerged. The V12 Vantage S is shot-through with aggression yet blessed with delectable poise and balance. It is a completely importained

immersive experience.

Performance is startling – 573PS engine, three-stage

adjustable dampers help prime Performance is startling — adjustable dampers help prime 205 mph potential and 0-60 mph in 3.7 seconds — but it is the control placed in the hands of the driver that makes the V12 Vantage S a rewarding drivers' car. The seven-speed Sportshift III paddle-shift transmission gives instant access to that astonishing 573PS engine three-stage adjustable dampers help prime the car for any road or mood an carbon-ceramic brakes ensure the V12 Vantage S offers absolute consistency and assurance even at its limits. Available as a Coup or Roadster this extraordinary car is uniquely visceral and endlessly addictive. the car for any road or mood and carbon-ceramic brakes ensure that the V12 Vantage S offers absolute consistency and assurance even at its limits. Available as a Coupe

In the transformation from V8 to V12 power, the engineers and designers at Aston Martin forensically examined and enhanced every area of the car, from suspension and brakes to aerodynamics, cooling and lightweight carbon fibre components. The result remains unmistakably Vantage but pulled and slashed into an exaggerated form with intense visual impact.

The bold carbon fibre grille and dramatically louvred bonnet create an aggressive face, but are also functional – channelling more air into the engine bay to cool the V12. Lightweight forged alloy wheels and carbon ceramic brakes reduce unsprung mass to enhance agility whilst simultaneously improving the car's on-track capability.

Inside, the V12 Vantage S possesses effortless elegance and utilises lightweight materials wherever possible to capture the essence of the racetrack. The Alcantara®trimmed steering wheel and carbon fibre gearshift paddles (optional) are a tactile reminder of this car's focus and there are a whole range of bespoke panel stitch and stripe designs to further intensify this car's drama.

000

EXTERIOR COLOUR PALETTE

The unique silhouette of Vantage is a blank canvas for you to define your ultimate Aston Martin. Our paint options are divided into three categories – the powerful Primary collection, the bold and modern Contemporary hues and complex, multi-layered Special colours.

Jet Black

Midnight Blue Silver Fox

Onyx Black

Green

White

Morning Frost Yellow Tang Ultramarine Black

PAINT PALETTE PRIMARY

Confident, understated and elegant, the Primary palette ranges from solids through to metallics.

Meteorite Silver China Grey

| PAINT PALETTE CONTEMPORARY

Paint technology and trends merge to create eye-catching and subtle visual effects. Stylish, sleek and bold metallics, pearl effects and xyrallics blend to create a stunning palette.

PAINT PALETTE SPECIAL

An intimate palette of specialist technologies including true pearls, tri-coats, chromaflair pigments, xyrallics and tinted clear-coats. The impact of their individual technology pushes the boundaries of paint to create truly striking exteriors.

INTERIOR COLOUR PALETTE

Aston Martin's craftsmanship skills with leather are renowned. Each Vantage is trimmed to exacting standards, using the finest Bridge of Weir leather and employing methods evolved through decades of experience.

New colours - Vivid Red, Royal Mint, Bronze Metallic and Black Damson – bring rich vibrancy to the Vantage interior, with contrast stitching and a multitude of colour combinations to create your own personal vision.

Bridge of Weir has been at the forefront of innovation and quality since 1905. Whenever there have been advances in motoring, classic furniture and luxury travel, their leather has played its part, featuring in icons as diverse as the Ford Model T and Concorde.

Only the finest hides sourced from the best heritage breeds are used. The same pure water used in the distillation of the most renowned malt whiskies and craftsmanship developed over generations, creates a unique alchemy that results in the very finest Scottish leather.

Obsidian Black

Sandstorm

Lords Red

(Balmoral) (Caithness)

Sahara Tan (Balmoral)

Chancellor Red (Balmoral)

LEATHER PRIMARY

Available in Strathmore leather

These classic hues are intrinsically linked with Aston Martin's rich heritage. The embossed Strathmore leather comes as standard and gives absolute consistency. Primary colours are also available in Caithness leather for those who wish to upgrade.

LEATHER CONTEMPORARY

Available in Caithness leather

Cool and understated, bold and exciting, deep and indulgent, the Contemporary colour palette offers vast scope to satisfy any taste. A dry-drumming process gives the Caithness leather a natural and highly tactile soft finish.

Upgrade to Caithness for a luxurious ambience, whichever colour you choose.

| LEATHER SPECIAL

Available in Balmoral leather

Hand selected from the top 10-percent of raw hides then milled and framed by hand for an incredibly soft, smooth feel, the Balmoral finish is unparalleled. For ultimate luxury we offer semi-aniline leathers of the highest quality.

The new Bronze Metallic leather features a special metallic effect applied to the leather's top coat, resulting in a unique offering unlike any other leather in the Aston Martin range.

ACCESSORIES

1 MATS

Premium quality wool carpet overmats with a hard-wearing and easy to clean soft pile surface. Edged in quality hide with a heavy duty non-slip backing, Aston Martin is embroidered on a discreet label set in the hide edging.

2 SIGNATURE SILL PLAQUES

Add the ultimate finishing touch, with a reproduction of your signature engraved on to the door sill plaque, along with a message of your choice.

3 CARBON GEAR SURROUND

Replace your aluminium gearshift surround with lightweight carbon fibre for added sporting appeal. Meticulously produced using hand laid precision laminating techniques to help ensure the consistency of the weave and an exceptional finish.

BATTERY CONDITIONER

The conditioner has been designed to monitor the car's battery voltage to maintain 100% efficiency and performance without fear of overcharge. The unit features a 'select and forget' function providing automated recovery from mains power loss.*

4 GOLD WINGS BADGES

Exclusive 24-carat gold plated wings badges are ideal as a gift or to add your own distinctive touch to your Aston Martin. Supplied in a bespoke black leather and Alcantara® -lined presentation box.

5 ECU POUCH - Q

Protect your glass ECU with a high quality leather key pouch lined with grey Alcantara®. Handmade in England, the key pouches are available in six popular leather colours*. Optional matching leather and Alcantara®-lined presentation boxes offer a perfect storage solution for your ECU at home.

6 V12 VANTAGE S GRILLE KIT

Create a more aggressive and assertive look with the carbon fibre front grille, which also increases airflow to the engine and aids stability.

7 CARBON WHEEL CENTRE CAPS

Exquisitely crafted, precision hand laid carbon fibre wheel centre caps supplied with a high quality Obsidian Black leather and Alcantara®-lined presentation case. Available in a deep gloss or smooth satin finish, featuring the Aston Martin wings logo in silver.

WINTER WHEEL & TYRE KIT

Rain or shine. Snow or ice. Aston Martins are designed to deliver sure-footed handling whatever the weather. Our winter tyres are scientifically proven to improve traction and handling when the temperature plummets below 7°C. With a complete second set of winter wheels, you can really make the most of the changing seasons.*

CAR COVER

Fully tailored car cover made in a soft cotton mix with a protective fleece lining. Yarn dyed to prevent fading, and fully washable. The breathable material allows moisture to evaporate. Supplied with a storage bag and available in a range of fabric and trim options.*

8 LUGGAGE

Handmade in England by highly skilled craftsmen, each piece of luggage has been carefully chosen to accommodate the needs of the discerning traveller. Each set has been tailored to make best use of available boot space. Available in Black, Tan and Cream with both two and four piece configurations.

TOURING PACK

Packaged in a high quality Obsidian Black leather and Alcantara®-lined case, the touring pack fits neatly into the boot of any Aston Martin and features an invaluable in-car kit.*

*Please note these accessories are not pictured.

The cars illustrated in this brochure may include additional options not featured in this brochure or that are only available at extra cost.

Updates

Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature about our evolving products, this brochure should not be regarded as a guide to any currently available products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same.

This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited's business as a whole. Text and photographs in this brochure may relate to specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. Images shown may not be reflective of the final car.

Performance results

Performance results, fuel consumption figures and CO2 emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO2 emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO2 emissions. Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO2 emitted and as a result, cars with higher levels of specification and factory fit options may emit higher levels of CO2. However, Vehicle Excise Duty is charged according to the weight of and CO2 emissions of the standard car, as published in this brochure. All petrol engines are fitted with a catalytic converter.

Copyright and other intellectual property rights

This brochure and its contents are protected by various intellectual property rights, including without limitation, copyright, design rights and trademarks, that are owned or licensed by Aston Martin. You may not copy or use this brochure or any of its contents for any commercial purpose without our prior written consent.

Distributors and dealers

Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
