RACE DRIVER TRAINING

# ASTON MARTIN RACE DRIVER TRAINING PROGRAMME

Aston Martin Racing is the motorsport division of Aston Martin. We compete in the FIA World Endurance Championship with our own works Vantage GTEs and have customer teams competing in major series in the UK and overseas in our Vantage-based GTE, GT3 and GT4 racing cars.

We are now using our experience in training and managing our own professional racing drivers to turn complete novices into racing drivers with a recognised licence to compete in championships in the UK and overseas.

The comprehensive course, which leads to a National B racing licence, is typically run over five days. These days can be spread over a few weeks or months, to fit in with your schedule.

Tuition is given in our Vantage GT4 racing car and once you have received your race licence you can compete in the Aston Martin GT4 Challenge of Great Britain, our own one make series.

# GT4 CHALLENGE OF GREAT BRITAIN

## JOIN THE ACTION

The GT4 Challenge of Great Britain sees Aston Martin Vantage GT4s competing against each other on some of the best circuits in the UK.

Once you have gained your race licence you can take part in the series. You do not have to own your own car, as there are several teams who will do this for you, so all you have to do is to turn up and drive.

At each round we have our hospitality unit providing breakfast lunch and afternoon tea for all the competitors and guests, as well as a place to relax between practice, qualifying and the race.

You can take part in individual events or in the whole season it is up to you.
